## How PhilRx Works

Your **HCP office sends in your prescription** to PhilRx to be processed

Within 30 minutes, **you will receive a text message** from the number 744-579 to confirm key information, including insurance. Please have your insurance card handy for this communication. Note all future communications will come from the number 744-579.

Within 24-48 hours, **you will receive a text message to update you** on the status of your prescription. Based on your specific status, you may receive more than 1 message.

Once the lowest price has been confirmed, **you will receive a text message to confirm** your preferred method of payment and delivery information.

**You will occasionally receive text messages** to ensure you are maximizing your PhilRx services. Additionally, you will receive reminders to refill your prescription when appropriate.
